Subject: Freedom - Public Water System: Camp Cragged Mountain Farm (EPA# 0867060)

Dear Mr. Utter:

The records of the NH Department of Environmental Services (DES) show that the Camp Cragged Mountain Farm water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people for 60 or more days per year. As such, the water system owner is required to submit chemical samples according to the system's established sampling schedule to the State laboratory or a State-certified laboratory in compliance with NH Administrative Rule Env-Ws 326.

DES records show that the subject water system failed to submit the following chemical sample result for the following monitoring period (calendar quarter).

Quarter 2 – 2002 – Nitrate

As a result of the failure to submit the above-described sample, a Notice of Violation (NOV), dated **August 9, 2002**, was sent to you (copy enclosed). The NOV requested that you immediately submit the above-described sample as a "make-up sample". To date, DES has not received the make-up sample results, thus placing the water system in violation of Env-Ws 326.

DES believes the monitoring/reporting deficiencies can be addressed by taking the following action:

- 1 **By June 13, 2003**, submit a nitrate "make-up sample" to the State laboratory or a State-certified laboratory. Please use the enclosed analysis result form when submitting the sample to your laboratory.

Please be advised that DES will not issue your 2003 Youth Recreation Camp License until the 2002 nitrate "make-up sample" and the required 2003 bacteria, nitrate, and nitrite samples are submitted.

In the event compliance is not achieved within this period, DES may take further enforcement action. These actions include issuing an order requiring the deficiencies to be corrected, initiating an administrative fine proceeding, and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

Please contact Jeanne Lawson at (603) 271-6703 or by email at jlawson@des.state.nh.us, if you have any questions regarding this letter.

Sincerely,
